

# Design your own... Board GAME KIT

A Resource for DESIGN & TECHNOLOGY students  
www.dyobg.com

- Everything You Need To Design & Make Your Own Game -

**ONLY \$79.95 each** (including software)

Ever had the idea for a board game but haven't had the resources or known where to source all the parts?

The Design Your Own Board Game KIT provides all this for you in one simple package providing you with a blank box, blank playboard, blank cards, pre-cut sticker sheets (for your printer) along with plastic parts, dice and tokens. Everything you need to get your idea off the ground!

Perfect for a hobby or for an interesting method of teaching, Design Your Own Board Game is customisable and even comes with templates, suggested design layouts and even the software to help get your design started.

The software includes a FULL version of Corel Essentials (CorelDRAW 9, Corel PhotoPAINT) along with Click 'N' Learn Corel training software. It is worth buying the kit just for the software as its retail value is worth much more if purchased alone.

- > Blank box, playboard, jigsaws & tokens
- > After printing adhere the STICKERS to your playboard & other parts
- > Assortment of Plastic Game Pieces
- > Software Templates & CorelDraw
- > Pre-cut stickers for your printer
